FIREFIGHTERS REV UP THEIR MOTORCYCLE ENGINES & DRIVE TO ARIZONA BURN CAMP!

Phoenix area firefighters involved in the Fifth Annual Burn Camp Run will rev up their motorcycle engines and depart Phoenix Fire Station 56 for their ride up to the camp in Prescott at 8:30 a.m. on Monday, June 16th. They'll take the Wickenburg/Yarnell route and arrive at Granite Creek Park, 554 N. 6th Street, in Prescott for registration at noon. Only fire department members, retirees, and their guests are qualified to participate in the ride, hosted by the Phoenix Area Wind & Fire Motorcycle Chapter. All riders raise funds for the Arizona Burn Camp by securing corporate and private sponsors. The goal this year for monies raised for the camp is \$100,000!

The Arizona Burn Camp – “Camp Courage” – is a rehabilitative program that provides a safe environment where children can enjoy a week of summer camp specially tailored to their needs. The kids who attend the camp have sustained severely traumatic burn injuries. The camp provides an opportunity for them to participate in normal summer-time activities among other young burn survivors in a safe, friendly, and non-judgmental environment. Volunteers, counselors, and Phoenix firefighters and paramedics staff the camp.
